COVER LETTER REGARDING EXECUTED APPLICATION

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

The undersigned points out that the executed application being filed herewith includes copies of five pages of an executed Declaration forwarded to the undersigned, and pages 1-4 of an unexecuted Declaration which were added by the firm of the undersigned, which are identical to pages 1-4 forwarded electronically for execution. Apparently, in the process of having the electronic version of the Declaration form printed out for execution by the inventors, some of the Declaration text on page 2 spilled over onto a new page 3, which resulted in 5 pages of Declaration being printed out from the 4 pages transmitted electronically.

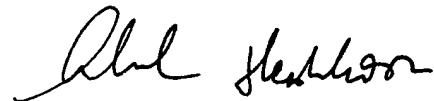

P28215.A03

Accordingly, Applicant respectfully submits that the present application is properly executed and should be considered as filed in executed form. However, if the U.S. Patent and Trademark Office determines that the present application is not properly executed, Applicant respectfully requests that the present application be treated as an unexecuted application under 37 C.F.R. 1.53(b) and (f).

Please charge any fees necessary for consideration of the papers filed herein and refund excess payments to Deposit Account No. 50-2929.

Should the Examiner have any questions, the undersigned may be contacted at the below-listed telephone number.

Respectfully submitted,
Werner BRENNWALD et al
